RESULTS

Marshall Dennehey Successfully Represents Client in Multi-Million Dollar Chemical Spill Case

Property Litigation

October 21, 2021

In a lawsuit seeking \$279 million in alleged property damages, Marshall Dennehey attorneys successfully defended their client, a subcontractor of a railroad repair shop, against any and all liability.

SIGNIFICANT REPRESENTATIVE MATTERS

Handled a \$40 million fire case. We reversed bifurcated this matter and tried the damage part of the case first for two weeks. The damages came in at less than had been evaluated; therefore, it was an excellent result. As a result, the case settled at mediation. The details of the settlement are confidential.

Have handled cases involving large industrial facilities, such as steel mills, condo complexes, warehouses, dormitory construction, etc.

Handled a construction case involving an amputation arising out of an accident that occurred during the construction of high end condos in Pittsburgh. Represented the general contractor. Plaintiff was an employee of the electrical subcontractor. As the result of our filing a Motion for Summary Judgment based upon statutory employer defense, we settled the case for \$10,000 at mediation while the motion was pending.

Successfully defended a number of high-exposure cases, including multi-million dollar construction and fire cases.
