### OVERVIEW

Todd focuses his practice on complex insurance coverage litigation and contractual disputes. He has extensive experience litigating a wide variety of claims at the trial and appellate levels of both the state and federal courts. Admitted to practice in both Pennsylvania and New Jersey, he splits his time between our Philadelphia and Mount Laurel offices.

Todd is particularly experienced in managing cases that involve sophisticated "risk shifting" issues, including both additional insurance coverage and contractual indemnification. He has worked on a wide array of insurance coverage matters, spanning a broad base of first- and third-party claims and policy types. Todd has counseled insurers, third-party administrators and self-insureds throughout the life cycle of a matter, from the drafting of policy language to pre-suit investigation to the drafting of coverage opinions to litigating matters through the trial and appellate courts.

Todd lives with his wife, two children and pug in Bucks County, PA. In his spare time, he is an avid fan of Philadelphia's professional sports teams and Rutgers basketball and football, and he plays in a modified fast-pitch, wood bat softball league. Todd is active in his synagogue, Shir Ami in Bucks County, and is a former member of its Board of Directors.

## RESULTS

### Summary judgment for insurer in UIM recovery case.

#### **Insurance Services – Coverage & Bad Faith Litigation December 2, 2022**

We prevailed on a motion for summary judgment with respect to the applicability of a UIM "step down" clause. Following an accident with an underinsured tortfeasor, the underlying plaintiff sought UIM recovery under three policies, including one issued by our client with limits of \$500,000. The defense successfully argued that our client's UIM limits of \$500,000 "stepped down" to the \$100,000 UIM limits of the plaintiff's own policy, pursuant to our client's policy language. The Superior Court of New Jersey, Morris County, granted our motion.

#### **REPRESENTATIVE MATTERS**

Successfully represented a state-created medical malpractice insurer in a matter involving fraud in the application for an insurance policy, successfully arguing before the state Supreme Court for the remedy of voiding the policy and reforming the policy limits to \$0.

Extensive experience representing insurers on numerous risk-shifting claims for contractual indemnification and additional insurance coverage, including in matters stemming from worksite accidents, construction defects, slip-and-falls, product liability and vendor claims, and a range of other factual scenarios.

Represented an insurance industry group as amicus curiae in a matter requiring interpretation of the prospective or retroactive application of a statutory amendment.

Defended insurers in a broad array of cases involving insurance coverage issues arising from construction defect claims arising out of residential and commercial projects.

Represented insurers in a variety of insurance coverage claims under automobile liability policies, including for permissive use, loading and unloading, and uninsured and underinsured motorists coverage.

Defended insurers and their third-party administrators against insurance coverage claims stemming from employment practices, liability, education and land use claims.
