RESULTS

Real estate agency dismissed from litigation.

Real Estate E&O Liability

July 25, 2019

The defense prevailed on a motion to dismiss our real estate agency client. The plaintiff filed counts of fraud, deceit, misrepresentation, conspiracy, conversion, invasion of privacy-false light, breach of contract, and promissory estoppel against the agency regarding an allegedly fraudulent transfer of a private residence by the co-defendant seller of the property. We filed preliminary objections, arguing that the plaintiff's claims lacked sufficient specificity and that the plaintiff failed to state a claim upon which relief may be granted.

Defense Achieves Dismissal of Claims Against University

General Liability

December 6, 2016

The defense prevailed on a motion to dismiss on behalf of a distinguished Roman Catholic university. The plaintiff, a temporary staffing worker assigned to work at the university, alleged personal injuries as a result of a slip and fall in the cafeteria. The defense highlighted inconsistencies in the plaintiff's workers' compensation testimony compared to the allegations in his complaint and discovery responses.
